

ECE230L : Developing and Administering a Child Care and Education Program

This course will provide a comprehensive study of the operation of an early childhood education childcare facility. Staffing and supervision, including orientation, training, and motivation and evaluating staff are explored as they relate to the business of childcare. Students develop business and marketing plans according to accepted business standards. New Hampshire Child Care Standards and licensing requirements, Child Care Development Block Grant, and funding sources are included. Observation in a childcare center or preschool setting is a requirement of this course.
