

Early College

Early College Online and On-Campus are dual enrollment programs where high school students take college courses for both college and high school credit. Early College On-Campus students are charged half of tuition and no fees, Early College Online students are charged \$150 per course. Students are responsible to pay for books and supplies. The earned college credits not only satisfy your high school requirements for graduation but may be applied directly towards a degree at Lakes Region Community College (LRCC) they may transfer to another college or university.
